Texas Success Academy offers an expansive selection of standards-based courses K-12. These courses are professionally filmed with some of the best equipment available in the cinematic industry.

The combination of incredible footage, outstanding teachers, and content that makes learning relevant to the real-world, makes TSA videos captivating and interesting – igniting the student's interest in learning.

Our Mission

Texas Success Academy Private High School is committed to student success by focusing on maximizing individual student achievement while providing a flexible schedule for a diverse population that leads to graduation.

OUR PURPOSE / VISION

Texas Success Academy serves three purposes for students within the virtual learning walls.

- 1) To help students increase self-esteem, self-confidence, respect, and feel powerful in a social setting and educational environment
- 2) To build support and personal growth in students while in and out of the school environment
- 3) To provide an alternative educational setting for students who strive to complete their high school diploma in a safe environment.
